Initial Comments

Claims 1-17 are pending in this application. This application is in condition for allowance except for the following formal matters.

Claims 1-17 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1-19 of co-pending Application No. 09/592,321. The disclosure is objected to because it contains an embedded hyperlink and/or other form of browser-executable code.
